From President's Desk

Dear Friends,

At the outset I wish a very happy, healthy and prosperous future for all members of Indian Mine Managers' Association, all Mining Engineers, Mine Managers and their fraternity in Mining Industry.

I also like to inform that we are meeting at this A.G.M after 4 years, the last one was held in 2018, The delay in holding the A.G.M was due to Covid-19/ Corona which plunged the country totally from March 2020 to almost upto 2021.

I want to inform all members of IMMA that our Association is going to complete 100 Years in 2023 after its formation in 1923 and to celebrate the Centenary year, We have decided to Celebrate it in a befitting manner by Organising Seminars in different branches and paying our respects to those stalwarts who have toiled hard to keep IMMA a vibrant Organisation.

Among the Branches, only Nagpur Branch is very active and has been holding meeting regularly and held National Seminar and International Seminar during the last three years. The other Branches like Jharia, Raniganj & Singrauli have been formed but they are not holding activities like Nagpur Branch. Recently we have been able to form New Branch in Ranchi & Raniganj and have requested the committee of these Branches to hold regular meeting with paper presentation and other activities. We are trying to form New Committee in SECL & MCL and hope that these committees will be formed in next two months.

Our Country is rapidly progressing on the path of development during 2022-2023 and its G.D.P growth during 1st quarter of 2022-2023 is more than 10 % Similarly the coal production and dispatch during the 1st quarter of 2022-2023 is more than 10 % of the target during the same period.

For all round progress of the country we have to augment production of Coal and other Minerals Manifold to meet the need of industry and domestic consumption.

As we all know 75% of power in the country is produced by using Coal in Thermal Power Stations.

Keeping the progress of the country in view the government of India has fixed the target of Coal Production at 1000 M.T by Coal India by 2024-2025. This is possible by adopting mass production Technology for underground mines as well as by deploying large HEMMS for open cast Coal Mines. Subsidiary companies with the help of CMPDIL can also plan to increase Production by amalgamating Neighbouring underground Mines which will give more Opportunity for planning large panels with much longer life.

In advanced Countries a lot of R & D Works are being done to design more efficient equipments for underground as well as open cast Coal Mines to give more Production at less cost. In this context different type of equipments have been designed to eliminate blasting in open cast as well as underground.

Similarly in different IITs and other Engineering colleges, research for utilization of Hydrogen as source of energy has been under taken. IIT (ISM) Dhanbad has taken up a "Fire Project (Jharia)" which will be totally based on Scientific basis. They are studding about the location of fire in the seams, the depth of the fire and its intensity. There after they will be doing computer modeling which will ascertain the layout of pipe lines for supplying Nitrogen Gas in to the Mines.

For all what is stated above IMMA has to play a very important role to achieve the Government set Target.

My best wishes to you and your families.

Jai Hind!

- K. N. Singh

Annual General Meeting of Indian Mine Managers' Association (IMMA)

on 30.09.2022

at Moonidih Officers Club, Western Jharta Area, BCCL

Report by Hony. General Secretary about activities of IMMA

Respected members,

I have the honor to present the Annual Report of the activities of your association for the year 2018-19, 2019-20, 2020-21 and 2021-22. During these years, we had taken up a number of activities to keep pace with the development in Mining industries. We had organized National Seminar on Mining Industry: Challenges & Opportunities, 2018 at Community Hall, Koyla Nagar, Dhanbad on 1st & 2nd December, 2018 and again another National Seminar on Mining Industry: Challenges & Opportunities, 2020 also at Community Hall, Koyla Nagar, Dhanbad on 10th & 11th January, 2020 in which a number of delegates from all over the country participated. During the Seminars a large number of excellent papers concerning coal, coal washeries and metal mines were presented by distinguished academicians, scientists and field executives.

We could not hold national seminar and Indian Mine Managers' Congress during 2021-22 due to certain difficulties on account of COVID.

During the period, we had a no. of meetings with Chairman, CIL, Director Technical, CIL and CMDs of Coal India subsidiaries regarding grievances of Mine Managers including their pending promotions out of which it was redressed to some extent during the period. We had also actively participated in Rajmahal Court of Inquiry constituted to Inquire into the cause and circumstances leading to the accident at Rajmahal Opencast Mine of ECL on 29/12/2016 and successfully presented the case of Mining fraternity. We are publishing the recommendations of Court of Inquiry as published by Ministry of Labour and Employment on 13 November, 2019 vide SO No. 4081 (E) and DGMS Tech. Circular No. 2 dated 29/04/2022 issued by DG to implement the recommendations.

Branch Activities :

- (1) The Jharia Branch is holding regular meetings in various areas of BCCL. The Branch Committee has been reconstituted for this branch on meeting held on 15th. May, 2022 at Sijua Guest house with Sri J. S. Mahapatra, GM WJ Area as Chairman and Sri S. K. Singh, CM Sijua Area as Secretary of the Branch.
- (2) Nagpur Branch was very active during this period. They have recently organized an International Conference on Sustainable Mining Options... Way Ahead.
- (3) Raniganj Branch having their committee in full strength was reorganized on 16th. April, 2022 at a General body meeting held at Kunustoria Officers club during

which Mr. R.C. Mohapatra GM ECL was elected as Chairman and Mr. R K P Singh Agent was elected as Secretary. They are holding regular meetings and discussions.

- (4) Singrauli Branch is active and was reorganized in February, 2020 during which Shri J. P. Dwivedi GM Niaghi (Now DT WCL) was elected as Chairmen and Shri Satish Jha was reelected as Secretary.
- (5) Ranchi Branch was reconstituted recently with Shri M. K. Agrawal GM Dhori Area as Chairman and Mr. D. N. Singh CCL HQ as Secretary.
- (6) We are shortly going to reconstitute Bilaspur Branch and Kalinga Branch as they could not function till date as per our expectations.
- (7) The Delhi Branch and NMDC Branch in Bailadila have started functioning but we have not received any report so far from them.

It is our earnest request to all our members and Mining Executives to spare some time for the activities of their own professional association otherwise we will be blamed by younger generations that we did not make any effort for the progress of our own association resulting in their diversion in other directions.

Notes of Account

None of the Branches of the Association have submitted their Account for the last several years. All the branches should submit their accounts to the head office. The Head office Accounts under report, are to that extent do not reflect the Income and Expenditure Account of the Branches as also their Assets and Liabilities, the matter stands pending since a long period.

Council Meetings

Regular meetings of IMMA council were held during 2018-19, 2019-20, 2020-21 (Through digital mode due to Covid19) and 2021-22 at IMMA Bhawan, Sijua Guest House and Kunustoria area of ECL in which important decisions were taken such as:-

- (a) Renovation of IMMA office and sub letting the vacant land of IMMA to Reliable Industries
- (b) Distribution of Face Mask among PMCH Doctors and Employees.
- (g) We had unanimously elected office bearers and council members of IMMA for the period 2022-2025 for ratifying the same in this AGM..

Membership Drive

We had also taken up strongly the Membership Drive and 69 new life members were enrolled during this period. The Association has on its role 1636 life members from Coal, Metal and Oil Mining Industries. The Membership fees at present are as follows:-

Annual Corporate Members - Rs. 50,000/-

Individual Life Member fee is as follows:-

- (a) Rs. 3000/- for age upto 50 years
- (b) Rs. 2500/- for age between 50 and 60 years
- (c) Rs. 2000/- for age above 60 years

IMMA Professional Awards

The Association has instituted IMMA Life Time Achievement Award and IMMA Excellence Awards for outstanding contribution for the causes of Indian Mineral Industry. During 2020 the awards were given during the Inaugural Session of National Seminar on 11th January, 2020, as follows:-

1. *IMMA Life Time Achievement Award:*

Sri Anil Kumar Jha, CMD, Coal India Limited.

2. *IMMA Excellence Awards:*

- a) Sri Binay Dayal DT, CIL
- b) Shi R. R. Mishra, CMD, WCL
- c) Sri P. S. Mishra, CMD, ECL
- d) Sri P. M. Prasad, CMD, BCCL

And during Inaugural Session of National Seminar on 1st December, 2018 following dignitaries were felicitated.

1. *IMMA Life Time Achievement Award:*

Sri Abdul Kalam, Ex D(T) CIL & CMD, ECL.

2. *IMMA Excellence Award_:*

- a) Sri Prasant Kumar Sarkar, DG, DGMS
- b) Sri Shekhar Saran, CMD, CMPDIL
- c) Sri P. K. Sinha, CMD, NCL

Representation

IMMA is represented in various Board / Council / Committee as under :-

- i) Standing Committee on Safety in Coal Mines : Sri K.N. Singh.
- ii) Coal India Safety Board : Sri R. K. Sharma
- iii) National Dust Prevention Committee : Sri Y. Ansari
- iv) Sub-Committee to Monitor Safety Parameters of Private Coal Mines, Ministry of Coal : Sri R. B. Upadhyay
- v) Footwear Sectional Committee Bureau of Indian standards : Sri S. K. Jagnania

Other Issues:

IMMA has actively taken up the issues of Prevalent Illegal Mining, Land Issue for Opencast Mines and fencing around the small open cast mines in the meeting of Standing Committee on Safety under Ministry of Coal and in CIL safety Board and raised the voice to protect the interest of Mine Managers. Issues of status and DOP of Mine Managers and Implementation of recommendations of Rajamhal Court of Inquiry were also raised. IMMA is also actively sharing its activities on Facebook, Whatsapp and its website <https://imma.org.in/>

Some Amendments in IMMA constitution as proposed in council and adopted was passed and accepted in Annual General Meeting of IMMA held in the evening of 1st. December, 2018 is annexed.

Acknowledgement

Thanks are due to Council Members, BCCL Authorities, Office Bearers of Jharia Branch, Raniganj Branch, Nagpur Branch and Singrauli Branch of IMMA. The Council also records its Sincere thanks to all those who had helped the Association by extending their co-operation and assistance in various activities.

Rabindra Kumar Sharma

Honorary General Secretary, IMMA

Mob.7782937687/8210858076

Email: rabindrasharma1953@gmail.com

Annexure of Honorary General Secretary Report

Following amendments in Constitution duly passed by IMMA council and after other formalities put up before IMMA AGM held on 1st December, 2018 at 6.30 PM

In Chapter IV Articles 23 reads as below :

23. Powers and duties of other Office Bearers”

Other Office Bearers shall carry out such functions and duties as may be assigned to them by the President or the Council.

It is proposed to amend Article 23 with replacing as below :

23. Powers and duties of other Office Bearers”

Other Office Bearers shall carry out such functions and duties as may be assigned to them by the President or the Council. The President and Honorary General Secretary of IMMA are empowered to reconstitute Non Functional Branches or branch not following IMMA constitution with approval of Council.

No. DGMS/Circular(Tech)/02

Dhanbad, Dated 29th April, 2022

To

**The Owners, Agents and Managers
of all Coal and Metalliferous Mines**

Sub: Recommendations of the Rajmahal Court of Inquiry constituted to inquire into the causes and circumstances leading to the accident at Rajmahal Opencast Mine of M/s Eastern Coalfields Limited on 29.12.2016: Reg.

The court of Inquiry was constituted under the Section 24 of the Mines Act, 1952, to inquire into the causes and circumstances attending to the accident that occurred at Rajmahal Opencast Mine of M/s Eastern Coalfields Limited on 29.12.2016, due to the failure of batter resulting into instant sliding of dump, about 600m X 100m in size and 4.31 lakh cu.m. in volume (as per HPC Report), burying 23 workers employed thereat.

The court of Inquiry made the following recommendations to avoid similar accidents in future:

(i) Preparation and approval of the Project Report: While preparing a Project Report of a large opencast mine, planners should clearly specify in detail all operations like manner of extraction, place of dumping, layout of dump, layout of roadways for transportations etc, required to be carried out in the mine. The estimated cost of the project should also include funds for safety and acquisition of land. The project should be approved with the condition that operations in the mine is commenced only after complete acquisition of land required for operations. The report should be considered for approval after its vetting by Internal Safety Organisation.

(ii) Planning & Execution: There should be a clear segregation of authorities involved in planning and those responsible for execution of the Plan. It is recommended that a Planning and Monitoring Committee may be set up comprising all relevant stake holders who would be responsible for preparation and execution of the Project Report after taking into consideration all parameters including safety parameters involved in operation of a mine. This Committee may

also be entrusted with the responsibility of regular monitoring of the project at its execution stage to ensure that there are no deviations from the original approved Plan. This is necessary as an executive, generally concerned with production, is likely to take decisions deviating from the approved Plan in order to achieve production targets. Such decisions may prove costly in terms of safety parameters of the mine. If any deviation is required due to changed circumstances, it should be done in consultation and approval of this Planning and Monitoring Committee.

(iii) Status of the Manager: As per requirements of Section 17 of the Mines Act, 1952, a Manager is responsible for the overall management, control, supervision and direction of the mine. However, in practice, it is seen that the Manager is a very junior officer and therefore has virtually very little control over the management of the mine. Most of the operational decisions are taken at higher levels with very little input from the Manager. This creates lot of confusion and is against the spirit of Section 17 of the Mines Act, 1952. Hence, it is recommended that a sufficiently senior officer is appointed as Manager of the mine to fulfill the statutory requirements of the Act.

(iv) Role of the Contractor: Full and exclusive responsibility for safety in the mine should rest with the Manager and mine officials under him as required by the Mines Act, 1952 and the Rules and Regulations made thereunder. Role of a Contractor should be limited only to carrying out certain operations in the mine under total control and direction of the Manager.

(v) External Safety Audit: In addition to Internal Safety Audit, a mine should also be audited by an external agency to detect any unsafe condition/practice prevalent in the mine.

(vi) Monitoring of slope stability in opencast mines: Strata monitoring including dump monitoring for deeper opencast mines and dumps of more than 60m height should be made mandatory to provide real time information about the loads and strains on benches and dumps.

(vii) Digital Occupational Safety and Health (OSH) Observatory: There have been many disasters due to opencast bench and dump failures in coal mines in India in recent past. In most of the cases the causes of failures were one and the same, i.e. none adherence to the bench parameters and presence of geological disturbances including hydrological effects.

It is recommended that a Digital OSH Observatory should be set up at national level where in digital records of all the accidents, disasters, health issues, status of mines and their risk levels in digital forms is maintained for reference and is in public domain.

(viii) Mine Digitalization and Emergency Action Plan: After any mine disaster, it is generally difficult to locate the entrapped miners leading to delay in rescue and recovery operations. In order to avoid such a situation and to ensure emergent rescue operations of affected persons, a provision under the Coal Mines Regulations, 2017 has already been made as given below: Regulation 37 (5)(c) "The Owner shall ensure that a system is established so that the names of all persons who are employed belowground can be accurately known at any time,

as well as their probable location". It is recommended that the above mentioned provision 37 (5) (c) of the Coal Mines Regulations, 2017 be amended so that it is applicable to opencast mines also.

(ix) Delegation of financial powers to the 'Nominated Owner: As per Section 18 (1) of the Mines Act, 1952, the 'Owner' and 'Agent' of every mine are responsible for making financial and other provisions and for taking such steps as may be necessary for compliance with the provisions of the Act and the regulations, rules, byelaws and orders made thereunder. The company, under Section 76 of the Act, nominates one of its Directors to assume the responsibility of the 'Owner' of the mine for the purposes of the Act. Therefore, it is recommended that such 'Nominated Owner' be delegated full financial powers for matters related to safety so that he is able to fulfill his obligations required by the Act.

You are, therefore requested to take suitable steps to implement the above mentioned recommendations of the Rajmahal court of inquiry in the mines under your control.

25.04.2022

(Prabhat Kumar)
Chief Inspector of Mines.

Recommendation of Court of Inquiry as published by Ministry of Labour and Employment on 13 November, 2019 vide SO no. 4081 (E)

CHAPTER – X

RECOMMENDATIONS

10.1.0 Safety steps/Remedial measures:

10.1.1 Provisions regarding determination of appropriate method of working based on a scientific study and monitoring of slope stability have now been provided under the Coal Mines Regulations, 2017. Hence, recommendations on these matters are not needed. Other recommendations to avoid similar accidents in future are given below:

- (i) **Preparation and approval of the Project Report:** While preparing a Project Report of a large opencast mine, **planners should clearly specify in detail all operations like manner of extraction, place of dumping, layout of dump, layout of roadways for transportations etc required to be carried out in the mine. The estimated cost of the project should also include funds for safety and acquisition of land.** The project should be approved with the condition that operations in the mine is commenced only after complete acquisition of land required for operations. The report should be considered for approval after its vetting by Internal Safety Organisation.
- (ii) **Planning & Execution:** There should be a clear segregation of authorities involved in planning and those responsible for execution of the Plan. **It is recommended that a Planning and Monitoring Committee may be set up comprising all relevant stake holders who would be responsible for preparation and execution of the Project Report after taking into consideration all parameters including safety parameters involved in operation of a mine.** This Committee may also be entrusted with the responsibility of regular monitoring of the project at its execution stage to ensure that there are no deviations from the original approved Plan. This is necessary as an executive, generally concerned with production, is likely to take decisions deviating from the approved Plan in order to achieve production targets. Such decisions may prove costly in terms of safety parameters of the mine. If any deviation is required due to changed circumstances, it should be done in consultation and approval of this Planning and Monitoring Committee.
- (iii) **Status of the Manager:** As per requirements of Section 17 of the Mines Act, 1952, a Manager is responsible for the overall management, control, supervision and direction of the mine. However, in practice, it is seen that the Manager is a very junior officer and therefore has virtually very little control over the management of the mine. Most of the operational decisions are taken at higher levels with very little input from the Manager. This creates lot of confusion and is against the spirit of Section 17 of the Mines Act, 1952. **Hence, it is recommended that a sufficiently senior officer is appointed as Manager of the mine to fulfill the statutory requirements of the Act.**

- (iv) **Role of the Contractor:** Full and exclusive responsibility for safety in the mine should rest with the Manager and mine officials under him as required by the Mines Act, 1952 and the Rules and Regulations made thereunder. **Role of a Contractor should be limited only to carrying out certain operations in the mine under total control and direction of the Manager.**
- (v) **External Safety Audit:** In addition to Internal Safety Audit, **a mine should also be audited by an external agency to detect any unsafe condition/practice prevalent in the mine.**
- (vi) **Monitoring of slope stability in opencast mines: Strata monitoring including dump monitoring for deeper opencast mines and dumps of more than 60m height should be made mandatory** to provide real time information about the loads and strains on benches and dumps.
- (vii) **Digital Occupational Safety and Health (OSH) Observatory:** There have been many disasters due to opencast bench and dump failures in coal mines in India in recent past. In most of the cases the causes of failures were one and the same, i.e. none adherence to the bench parameters and presence of geological disturbances including hydrological effects.

164 THE GAZETTE OF INDIA : EXTRAORDINARY [PART II—SEC. 3(ii)]

It is recommended that a Digital OSH Observatory should be set up at national level where in digital records of all the accidents, disasters, health issues, status of mines and their risk levels in digital forms is maintained for reference and is in public domain.

- (viii) **Mine Digitalization and Emergency Action Plan:** After any mine disaster, it is generally difficult to locate the entrapped miners leading to delay in rescue and recovery operations. In order to avoid such a situation and to ensure emergent rescue operations of affected persons, a provision under the Coal Mines Regulations, 2017 has already been made as given below:

Regulation 37 (5)(c) “The Owner shall ensure that a system is established so that the names of all persons who are employed belowground can be accurately known at any time, as well as their probable location”.

It is recommended that the above mentioned provision 37 (5) (c) of the Coal Mines Regulations, 2017 be amended so that it is applicable to opencast mines also.

- (ix) **Delegation of financial powers to the 'Nominated Owner':** As per Section 18 (1) of the Mines Act, 1952, the 'Owner' and 'Agent' of every mine are responsible for making financial and other provisions and for taking such steps as may be necessary for compliance with the provisions of the Act and the regulations, rules, byelaws and orders made thereunder. The company, under Section 76 of the Act, nominates one of its Directors to assume the responsibility of the 'Owner' of the mine for the purposes of the Act. **Therefore, it is recommended that such 'Nominated Owner' be delegated full financial powers for matters related to safety so that he is able to fulfil his obligations required by the Act.**

AUDITORS REPORT

We have audited the annexed balance sheet of INDIAN MINE MANAGERS ASSOCIATION, Dhanbad as at 31st March, 2022 and the annexed Income & Expenditure Account for the period ended on that date, subject to notes in Schedule -1, forming part of this report, we report that:

1. We have obtained all the information and explanation which to the best of our knowledge and belief were necessary for the purpose of our audit.
2. The Balance Sheet and the Income & Expenditure Account for the period ended 31st March, 2022 are in agreement with the Books of Accounts produced before us.
3. In our opinion and to the best of our information and according to the explanations given to us, the annexed accounts give a true and fair view:
 - a) In respect of Balance Sheet, of the state of affairs of the Association as at 31st March, 2022 and
 - b) In respect of the Income & Expenditure Account, of the excess of Income over Expenditure, of the Association for the period ended on that date.

Salient Features of different activities of the of IMMA including Council meeting decisions

(April, 2019 to Aug. 2022)

During 2nd Meeting of IMMA Council taken on 21-07-2018 following decisions were taken.

Issue related to Nagpur Chapter of IMMA.

The Auditor's observation regarding non submission of account by IMMA Nagpur Chapter was discussed , It was observed that IMMA Nagpur Chapter was collecting fund by Quoting PAN number of IMMA and not submitting detail statement. Honorary General Secretary, IMMA was advised to take up the matter with Chairman and secretary of Nagpur Branch.

Matter of non receipt/Partial receipt of new life membership fee from Nagpur Chapter was also discussed in detail and finally it was concluded that new membership enrolment and issue of Certificates will only be done after receipt of total amount and branch share if any will be returned to concerned.

Proposed Indian Mine Manager's Congress/ Seminar .

Council unanimously decided to hold next Mine Managers' Congress/Seminar at Dhanbad preferably in the Month of Nov.'18/ Dec'18. Council also nominated MR. Anandji Prasad, RD RI - II, CMPDIL as Convener, as Dr. Vinod P Sinha had expressed his inability to be the convener for the incoming seminar.

Promotion of Mining Executives the President IMMA informed that he has written a letter to Chairman, Coal India regarding delay in promotion of Mining Executives and requested him for Time for discussion.

Ranchi Chapter.

The house was informed about formation of IMMA Ranchi branch and discussions with CMD CCL regarding grievance of our Member. Shri J. Tiwari, GM Coordination, CCL was elected as Chairman and Mr. S.S Ahmad GM (New Initiative) CCL was elected as Secretary of Ranchi. During 6th Meeting of IMMA Council taken on 19-03-2019 following decisions were taken.

All functioning branches office bearers were requested by President IMMA to send their monthly activity report to Central Body and induct new members on regular basis.

Details of the Special Council meeting of the council of IMMA held on 4PM of 29th June, 2019.

1. The council was called specially today to discuss the proposal for leasing out vacant land by the side of IMMA Bhawan, Saraidhela to Maruti Nexa Showroom dealers for a period of Eleven (11) months for parking their vehicles at monthly rent of Rs. 54,000/- per month. The Council unanimously agreed to the Proposal. (Later rent was revised to Rs. 60,750/- w.e.f. from April, 2022)

2. By the permission of Chair Council also discussed the recent action taken by CCL Management on two General Managers and the Council unanimously condemned the unilateral action taken by CCL Management and requested the CCL management to revoke the suspension immediately. Council also discussed and condemned the recent action taken by Tata Steel Management on Some Executives of Tata Collieries Division.

On Request of IMMA Nagpur Branch following NOC was given after they obtained there separate PAN.

Indian Mine Managers' Association authorizes Indian Mine Mangers' Association, Nagpur Chapter to Open, operate and maintain a Bank Account with its PAN No. AACAI1739H. As per IMMA constitution responsibility of fund management of IMMA Nagpur Chapter lies with The Chairman, Honorary Secretary and Treasurer of IMMA Nagpur Chapter.

IMMA Nagpur branch is advised to act accordingly and send regular audited report to IMMA Central Branch, Dhanbad, Following Points rose during 45th meeting of the Standing Committee on Safety held on 05.01.2021 by Shri R.K. Sharma Honorary, General Secretary.

Action Taken Report (ATR) on Recommendations of the 45th meeting of the Standing Committee on Safety held on 05.01.2021

25.10 Authority of Mine Manager: Shri R K Sharma desired that authority of mine manager should be enhanced as per statute for the sake of improving standards of mine safety.

1. CIL: All Mine Managers are empowered as per provisions of statute.
2. SCCL: Mine Managers are given necessary authority as per CMR – 2017 Act Rules etc for improving safety standards.
3. NLCIL: In NLCIL, all the mine managers are of the level of General Manager and above and Authority given to them for the sake of improving standards of mine safety.

Addendum: Improper Fencing of Mine premises allows unauthorized entry into the mine. Some of our mines are not properly fenced or not having proper compound wall and outsiders enter into mine premises for illegal mining and other work met with an accident for which Mine Managers are held responsible. It was requested that Mine should have proper fencing and compound walls also matter should be taken with concerned state governments to prevent outsiders' entry into the mine and to prevent illegal mining of precious Coal

1. CIL: Fencing as per requirement is provided.
2. SCCL: In SCCL, security is provided at the entry points into the mine and wherever practicable barbed wire fencing is provided. Illegal mining is not there in SCCL mining areas.

Addendum: Land Acquisition for Open Cast Mines.

Land acquisition in open cast mines should be given Top Priority. Due to no availability of sufficient land some open cast mine are being worked in haphazard manner without proper haul road and OB dumps.

1. CIL:

Subsidiaries of CIL are generally acquiring land well in advance.

CIL and its subsidiaries are always taking these issues on top priority for resolving at earliest. Robust mechanism for monitoring of pending land acquisition cases in CIL and its subsidiaries have been established.

Through regular persuasion by MoC and concerned subsidiaries of CIL, Land Cell have been established at district level within the command area of the subsidiaries for regular persuasion and close liaison with district authority for resolving the outstanding issues. Issues are also raised in e-CPMP portal and discussed in regular monthly meetings at State Level. Minutes of the 46th meeting of the Standing Committee on Safety in Coal Mines held on 6th July, 2021 in New Delhi.

o Shri R K Sharma desired that a proper boundary should be provided in all OC mines to prevent unauthorized entry of persons inside OC mine.

ATR

Action taken-

1. CIL:

For preventing unauthorized entry in mine area, properly manned checked gates with security guards for controlling entry & exit is provided. Boundary /berm/embankment/garland drain as per requirement is provided in OC mines.

Warning Boards depicting that “Mining Operation in Progress” “Restricted Area” etc. in English / Hindi/Local language is displayed at prominent OC mine boundary locations to warn the people trying to access un-authorizedly.

कोयला चोरी व अवैध खनन से...

परंतु सुरक्षा में लापरवाही किसी भी सूरत में बर्दाश्त नहीं की जायेगी. जानकारी के मुताबिक, स्टैंडिंग कमेटी की बैठक में अवैध खनन व कोयला चोरी का मुद्दा छाया रहा. **मैनेजर व ओवरमैन के लिए अलग कैडर स्कीम बने** : इम्मा ने अनरिस्ट्रिक्टेड कैटेगरी में पास हुए मैनेजर और ओवरमैन के लिए अलग कैडर स्कीम बनाने की भी मांग रखी. इस दौरान राजमहल दुर्घटना के हुई कोर्ट ऑफ इन्क्वायरी की रिपोर्ट को लागू करने की मांग की गयी. उपस्थित सभी यूनियन प्रतिनिधियों ने 11वां वेतन समझौता जल्द से जल्द कराने की बात कही. इस पर मंत्री ने अपनी सहमति जतायी. बैठक में कोल सचिव अनिल कुमार जैन, संयुक्त सचिव नागराज, कोल इंडिया चेयरमैन प्रमोद अग्रवाल, डीजीएमएस के डीजी प्रभात कुमार, बीसीसीएल सीएमडी समीरन दत्ता, सीसीएल सीएमडी पीएम प्रसाद, इसीएल सीएमडी एपी पंडा, एसइसीएल सीएमडी पीएस मिश्रा के अलावा सभी सीएमडी, सिंगरेनी कोल कंपनी लिमिटेड के सीएमडी, टिस्को, एनटीपीसी व डीजीएमएस के अधिकारी, यूनियनों की ओर से केएल रेड्डी, संजय सिंह (बीएमएस), नाथूलाल पांडेय (एचएमएस), मानस मुखर्जी (सोटू) एवं एटक से सीजे जोसेफ आदि शामिल थे.

कोयला मंत्रालय • स्टैंडिंग कमेटी ऑन सेफ्टी इन कोल माइंस की 47वीं बैठक, सेफ्टी प्रथा के पालन पर जोर

कोयला चोरी व अवैध खनन से हो रही मौतों का मुद्दा उठा

- इंडियन माइंस मैनेजर एसोसिएशन ने कोयला चोरी पर अकुश लगाने की मांग की
- अवैध खनन व चोरी रोकने को सीसीटीवी कैमरा लगाने व ड्रोन सर्वे कराने का सुझाव

वरीय संवाददाता ▶ धनबाद

'स्टैंडिंग कमेटी ऑन सेफ्टी इन कोल माइंस' की 47वीं बैठक बुधवार को कोयला मंत्री प्रह्लाद जोशी की अध्यक्षता में दिल्ली में हुई. कोयला मंत्री ने शून्य दुर्घटना खनन

कोयला खदानों की सुरक्षा निगरानी के लिए वेब पोर्टल लॉन्च ■ कोयला मंत्री प्रह्लाद जोशी ने की अध्यक्षता

बैठक में मौजूद कोयला मंत्री प्रह्लाद जोशी व अन्य.

व्यवस्था के निर्माण के लिए सभी कोयला खदानों में सर्वोत्तम सेफ्टी प्रथा के पालन पर जोर दिया. साथ ही कोयला खदानों में सुरक्षा निगरानी की सुविधा के लिए एक वेब पोर्टल

लॉन्च किया. यह पोर्टल सुरक्षा घटनाओं की वास्तविक समय की रिपोर्टिंग और मूल-कारण विश्लेषण सुनिश्चित करके खान दुर्घटनाओं को कम करने में मदद करेगा. मंत्री श्री

बीसीसीएल का लैंड रिकॉर्ड ठीक हो : इम्मा

इंडियन माइंस मैनेजर एसोसिएशन (इम्मा) के प्रतिनिधि आरके शर्मा ने कोयला चोरी व अवैध खनन से हो रही मौतों का मामला उठाया. कोयला मंत्री से आग्रह किया कि झारखंड और प. बंगाल सरकारों से बात कर खदान में हो रहे अवैध खनन व कोयला चोरी पर अखिल अकुश लगाया जाये. रोक के लिए अधिक से अधिक जगहों पर सीसीटीवी कैमरा लगाने व ड्रोन सर्वे कराने का सुझाव दिया. साथ ही खदानों की प्रोपर फेनेसिंग व अवैध खनन स्थलों को मानक के मुताबिक भरवाई करने का सुझाव दिया. इम्मा प्रतिनिधि ने बीसीसीएल का लैंड रिकॉर्ड ठीक करवाने का भी सुझाव दिया.

जोशी ने कहा कि कोयला खनन में संसाधनों की आवश्यकता है, उसे शून्य दुर्घटना प्राथमिकता है. इसके पूरा किया जायेगा. लिए बजट की कमी नहीं है. जिन
